

e-waste

WHY RECYCLE e-waste ?

- ✓ e-waste is a source of precious metals
- ✓ e-waste also contains toxic substances which are hazardous to health and environment, if released into the atmosphere
- ✓ Proper e-waste management is the crucial need of the hour
- ✓ Dispose all the electrical and electronic waste to authorized recyclers only.

Sensitisation and Awareness Programme on e-Waste Management

Sensitisation and Awareness Programme on e-Waste Management

What..?? Why..?? Is there a need for urgency to address this issue..??

How & Where do we begin..??

How e-waste ??

- ✓ *Rapid changes combined with obsolescence*
- ✓ *Changed scenario worldwide impacting lifestyles and above all our eco-system.*
- ✓ *Related wastes generated need to be disposed responsibly*
- ✓ *Collection and management of e-waste is imperative*
- ✓ *Responsible collection, segregation and proper disposal / recycling needed.*
- ✓ *Present Focus is on collection of batteries, FTL's and CFL's in an organized manner by Hawa GTZ – KSPCB.*

Why Recycle e-waste ?

- ✓ *e-waste is a source of precious metals*
- ✓ *e-waste also contains toxic substances which are hazardous to health and environment, if released into the atmosphere*
- ✓ *Proper e-waste management is the crucial need of the hour*
- ✓ *Dispose all the electrical and electronic waste to authorized recyclers only.*

Purpose of the awareness programme:

- ✓ *To impress on Companies/generators/end-users the urgent need to manage e-waste scientifically*
- ✓ *To create awareness on the collection and handling of e-waste – the initial and very important step*
- ✓ *To implement a proper decentralized /centralized collection system*
- ✓ *To identify partners in sectors/departments/NGO's etc.,*
- ✓ *To discuss lighting equipments as a separate concern*
- ✓ *To get an over view of the recycling technology and its implementation*
- ✓ ***To organize training programmes on the aspects of e-waste management***

“ Sensitisation and Awareness program on e-Waste Management ”
